Celebration of Life Video Tributes

We are honored that you have entrusted us with the care of your loved one. To show our appreciation, we would like to create a video tribute of your loved one free of charge. Lesko & Polke Funeral Home has the latest audio-visual presentation systems throughout the facility and production capabilities to turn pictures into a tasteful remembrance. Carefully, we scan any shape, size, and colored photos or download from a disc or flash drive and turn them into not just a slide-show, but a video tribute that reflects the individual's life and interests. All our video tributes are enhanced by music of one's choice or can be selected from our extensive library of licensed songs to suit all tastes and can be viewed on a DVD Player or computer. These video tributes are played during the calling hours and service.

Guidelines for Items Needed

1. Please select 50-200 Color and/or black and white photos. The photos should be loose hard copies for us to scan, please remove them from albums if possible. Photos may also be on a disc, or flash drive for us to download. If e-mailed, the photos must be compressed into a zip file and e-mailed and not linked to a photo sharing site. Please have all digital photos in JPEG form. If you are using a Mac computer please make sure files, CD's, and Flash Drives are compatible with all PC's. A portion of the loose photos will then be framed and displayed throughout our home during the calling hours or service.
2. Please provide a list of 3 to 4 songs for every 50 photos you have chosen:
Each song should be around an average of 2 to 4 minutes long.
Your list of music should contain the name of the song and artist
Please list songs in order of importance in case we don't need to use all of them
3. Please have all items to us at least 24 hours prior to calling hours or service.
4. If photos are being given to us from different sources, please have them labeled on the backside of photos and in separate envelopes so they can be returned to the correct individuals.
5. For placing your trust in us to give your loved one the best service possible, all families will receive 6 copies of the video tributes. Additional copies are available for a small fee.
